- 1.3 CosTech offers a free pickup and delivery service in local areas, please call for availability.

### 2. General Work And Remakes

- 2.1 All cases are guaranteed to fit the model based on the impression/scan provided.
- 2.2 All work is completed to instructions written on the docket.
- 2.3 Should a finished case not reflect the given instructions, we will adjust or remake the case free of charge.
- 2.4 Terminated cases, for any reason, will be subject to a full charge if the case is completed (regardless of despatch status). If the case is yet to be completed it will be half-charged.
- 2.5 If we deem an impression/scan to be unacceptable we will request new impressions/scans to be taken. If the prescribing dentist asks us to continue with the original impression, any subsequent remakes will be charged for.
- 2.6 When a remake is required, if the instructions and/or preparation differ from the original prescription, it will be treated as a new case and both cases will be charged for.
- 2.7 When sending a case back for alterations or to be remade, please send back the original impressions/scans, models and restoration as well as new impressions/scans if required. Failure to do so will result in the case being treated as a new case, and both will be charged for.

- 2.8 Once work has been fitted, it is considered accepted and must be paid for.

- 2.9 Remake cases will be charged if restorations fit the original model, but not the remake impression.

- 2.10 If you return a case but do not wish a remake, all dockets, models, preps, trays and restorations must be returned with a written justification. A technical manager will assess the case and a credit may be issued only if all elements necessary are returned and if a fault is proven to be CosTech responsibility.

- 2.11 CosTech does not accept liability for loss of surgery time under any circumstance.

- 2.12 The dentist takes full responsibility for prescribing the correct material/alloys in accordance with their regional regulations.
